Members write your own letter to your friends along the following lines and place in the front pocket of the A Gift of Family History binder.

Dear

I (we) have enjoyed preparing this Gift of Family History for you. I (we) hope it will be a blessing to you and to your family.

This packet contains some information about your family. I (we) have searched a number of internet sites to obtain it, including [www.familysearch.org](http://www.familysearch.org), one of the largest sources of family research in the world. I (we) have also included suggestions on how to preserve your heritage for the future and to make family history a meaningful part of your family's life. In addition, I (we) have included a few pages to help you understand why we do family history and how you can pursue your own family history research even further.

We hope that this interest in your ancestors will strengthen you and your loved ones. I (we) believe that as we ponder the importance of our family, past and present, a renewed sense of time-honored values will come into our lives. It has for me (us).

I (we) will be happy to answer any questions and to assist you in learning more!

Best regards,
